

Be Part of the Conversation.

SD64 encourages families and community to actively participate in dialogue regarding student learning.

Your Board of Education looks forward to this opportunity to discuss policy, practice, and the best interest of learning.

Have a Voice. SD64 wants to hear what you think about possible changes to district configuration.

Your Input is Valued. SD64 will not proceed with changes to the existing configuration model without strong support for change and evidence of viability/sustainability.

If you can't wait and would like to share your ideas now, or if you would like more information, please visit our website at sd64.bc.ca

DISTRICT CONFIGURATION REVIEW

2019

This year, SD64 has embarked on a full review of its program offering, transportation services, and facilities. The Board of Education is seeking your input to help determine an optimal and sustainable configuration model that will best serve the students in Gulf Islands School District.

In the coming months, there will be many opportunities to share your insights and preferences and to be a part of the dialogue for possible change.

We look forward to hearing from you.
