

Kindergarten Immunizations

Please be reassured that Island Health will continue to provide the opportunity for your child to receive their 4-6 year old immunizations (commonly known as kindergarten immunizations) during the current COVID 19 Pandemic.

Island Health has put in place a number of safety measures in order to minimize your contact with nursing staff as well as other clients while visiting the health unit.

If you would like to book an appointment, or if you have any questions please call Salt Spring Public Health at (250) 538-4880.

For additional information on Kindergarten vaccines offered please view the Health Files online here:
