Thursday, September 12th

8:25-3:22 All Kindergarten children will attend the regular hours 8:25-3:22

Some tips to make the first day of school go smoothly:

Arrive on time (not too early as waiting can be hard, but not late and rushed either)

Leave cheerfully – if your attitude is positive, then your child will feel that school is a safe and interesting place; letting go can be hard, please don't let your worries influence your child's natural enthusiasm and curiosity about school

Be supportive – let your child know that you will be working together with his/her teacher to support them and that you are there to answer their questions

Prepare the night before – to stop the morning rush, get the lunch box, backpack and shoes ready and spend some extra time with your child before bed reading together or playing a game
